Tumaren is a wildlife sanctuary managed by James Christian and Kerry Glen. The vast 360 degree views of the Karisia Hills to the north and Mount Kenya to the south lend a wild romance to this magical place. Tumaren is rich with game including Grevy's Zebra, Reticulated Giraffe, Grants Gazelle, Oryx, Eland, Dikdik, Gerenuk, Elephant as well as Leopard, Aardwolf, Lion, Cheetah and Wild Dog.

Kenya's best kept secret, the untamed wilderness of Meru National Park is best explored from its hidden jewel, Elsa's Kopje. Made famous by the film 'Born Free' and George Adamson's lions. Each of the 10 individually built cottages are luxuriously appointed, and all are considered the ultimate 'room with a view'.

Masai Mara Karisia Luxury Camp- 5 Nights

In the Mara we will be staying in our luxury mobile camp enjoying game drives as well as evening or morning walks with masai trackers. Mara in masai means spotted referring to the beautiful Acacia trees, that dot the landscape. The rich land supports large numbers of wildlife all year round, but animal numbers reach their peak from July to October when over two million wildebeest and zebra migrate up from the Serengeti.

From here fly back to Nairobi in time for lunch and some shopping / visiting galleries before an evening meal and boarding your airplane.
